

BME-PASSERELLE CLASSES: NIGHT OUT AT THEATER NATIONAL, BERN

*"My devil had been long caged,
he came out roaring!"*

Defying the freezing January night, nearly a hundred students of **BME-Passerelle** fell under the spell of a totally different kind of pedagogy: visceral, living art!

The visionary minds at *American Drama Group Europe* (ADG-Europe) proved, yet again, why they are a force in world-class performance. Their hypnotic staging and sharp, fluid choreography didn't just interpret a classic; they shattered the boundaries of traditional text, delivering a boundary-pushing, cinematic spectacle nobody will soon forget.
